

# How far will you go

# to be seen and heard?

Join the Carmarthenshire Disability Coalition for Action so as together we can make a difference without resorting to extremes.

## Carmarthenshire Disability Coalition for Action

“We act as the united voice of all disabled people in Carmarthenshire to promote equality, rights and social justice”.

The Equality Act 2010 gives disabled people the right to be included in the processes that deliver services and facilities for their needs. This is also emphasised in the 2014 Social Services and Well Being Act that directs Care Partnerships to ‘co-produce’ services alongside citizens.

To end discrimination & achieve full inclusion for disabled people in Carmarthenshire.

If you represent disability and you want your voice heard then join us and help make a difference!

## Membership of the Coalition is **FREE!**

The Disability Coalition represents disabled individuals and associated organisations as a focus for consultation and the co-production of services and facilities by statutory and independent service providers.

By becoming a member and taking an active role you can ensure that issues affecting you are heard and acted upon.
