

Let's Talk with your Baby

'Let's talk with your Baby' is 8 X 1hr sessions for children aged 3-12months where you will discover tips and games for encouraging speech and communication with your baby.

Your baby is never too young to communicate; in the very first session we focus on eye contact and mirror play.

We will have lots of fun with nursery rhymes, books and games. You'll even get to learn some baby massage.

A FREE programme for parents and carers with their babies run by Gwent Association of Voluntary Organisations in association with ELKLAN.

Please get in touch to book a place or learn more by completing a registration form at www.gavo.org.uk/early-language-team
